## **Declaration according to Stockholm Convention (POPs) and EU-2019/1021 POP Regulation (persistent organic pollutants)**

Dear Business Partners

Metrohm is familiar with the Stockholm Convention (POPs) and the EU – 2019/1021 POP Regulation (persistent organic pollutants).

We act as a downstream user and are in continuous contact with our suppliers, to ensure compliance in the supply chain with the various regulations and we also require this from our suppliers. According to the information provided by our suppliers, we announce to the best of our knowledge and belief that the Metrohm products are compliant with the POP Regulation.

This statement regarding our products is based on information provided by our suppliers.

If there are any alterations to the regulations, we will adjust and update our procedures and products correspondingly at an early stage if needed. If necessary, we will inform you about the change as soon as possible.

We hope to have been of service to you and remain with best regards.

Dr. Andrea Wille  
EVP Head of Product Groups  
Metrohm International Headquarters

Dr. Miriam Saba  
Vice President Quality Management &  
Regulatory Affairs
